

## JUNE CAPRICE GIVES HER FINAL REPLIES ON MOVIES

Here are the last questions and answers by Miss June Caprice who Saturday night concludes her engagement at Loew's Lyceum. She leaves shortly before midnight for New York and consequently cannot reply to further inquiries. Several letters were received too late for Miss Caprice's consideration and while she regrets inability to answer them, she reminds the ones who delayed that a time was set when all questions had to be in her hands.

### BY JUNE CAPRICE.

Dear Miss Caprice—I have had several stories accepted by magazines but attempts to place a photograph have been futile. Is it that the studios employ a staff of writers to turn out scenarios and only rewrap those offered to return them to the author? Also is it a custom among some of the producing companies to take one's idea and after rejecting manuscript develop the story themselves?

### WOULD BE WRITER.

Not every person who attempts it can become a successful screen writer. There is a world of difference between writing for the pictures and magazines. It is quite difficult to prepare a picture synopsis. Possibly your stories have been as fresh as to make them desirable for pictures. Originality and up-to-the-minute plays are very necessary. Remember you must please millions of people. There always is an open market for the original. Numberless successes submitted are the product of an author who has never been in miles of a studio. It certainly is not the policy of companies to "steal" ideas. Of course such is possible and I am not saying it has not been done. But such things happen in every business and the movie world contains as many professions and industries people who are not all that they should be. However, I think they are few indeed. Try again.

Dear Miss Caprice—Will a course in a school for motion picture actors aid one in getting into the picture? Can you recommend one? What advantage can I gain from reading books about the stage and acting? I have been told by friends that I am a very good type for the pictures. I make it a point never to receive any schools for motion picture aspirants. In a dramatic school one does not doubt will acquire correct stage manners, the way to walk and handle oneself and other essentials. Be careful in spending money when you are not thoroughly familiar with what you are going into. No book ever printed can make you a successful actor. If you have the ability they can teach you the technique but can not give you the natural aptitude so necessary for success in this field.

Dear Miss June—I am 12 years of age and in the seventh grade. My ambition is to be a movie actress. I have blue eyes, brown curly hair, fair complexion and very nice features. Am I a good type for the movies?

### MARJORIE M.

Of course I have no way of knowing whether you would photograph well. If your ambition is so deep rooted you no doubt could get into the picture. Your success would depend solely on your ability. Take my advice and for a while forget about acting for the screen. Finish school, have the good time that every American girl is due and then, if you still desire to become a film player make personal application to one of the studios.

Miss Caprice—is it true that this is your first appearance on the speaking stage? A friend told me that your timidity, your catching at your skirts and the pauses in your talk Friday were only bits of artifice to impress the audience with the advertised fact that you, by such a retiring personality, were better fitted for such films as "No Walked Mary." I differed with him.

### CORINNE.

Corinne, I thank you for upholding me. Honestly this is my first venture on the speaking stage. As for catching at my skirts, I have never realized I did such. When I step out before the footlights and see the hundreds and hundreds of eyes turned toward me, I don't know really what to do and what to say. I forget all the carefully planned little speeches. Your friend paid me a compliment when he said to me that I was a "dark brown beauty," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

Kathleen S.—I am sorry but I have no such booklet. You ask me an impossible question when you request what to do and how to conduct yourself when first going on the stage. I trust that you will continue my admirer.

Dolly—Ruth Roland now is engaged.

**PIMPLY? WELL, DON'T BE**  
People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

## Increases Shown In Census Figures Of Many U. S. Cities

WASHINGTON, April 2.—The date population of 225 of the approximately 14,000 incorporated cities, towns and villages in the country have been announced by the census bureau. Practically all show increases and some have more than doubled in size. Portfolios containing the figures of the various districts are flooding into the census director's office. In many places the enumerators have completed their work, but in others it is just being closed up although begun four months ago. Some of the larger cities, including Chicago and New Orleans, are being prepared for announcement, while New York's portfolios are almost all in.

Figures for only ten of the cities of the group having 100,000 or more inhabitants in 1910 thus far have been made public. Of these Toledo showed the largest increase with 44.3 per cent. The others ranked: Washington, 32.1 per cent; Dayton, 31.1; Syracuse, 25.1; Milwaukee, 22.2; Albany, 13.1; Cincinnati, 10.3; St. Paul, 8.2; Nashville, 7.2; and Louisville, 4.9.

Of the 59 cities having 50,000 to 100,000 inhabitants in 1910, thus far have been announced: Schenectady, N. Y., leads the increases in this group with 21.8 per cent. The others ranked: Harrisburg, Pa., 18.3 per cent; Springfield, Ill., 14.5; Peoria, Ill., 13.1; Wilkesbarre, Pa., 10.6; Joseph, Mo., 9.5; Nashville, 7.2; and Scotts Bluff, N. Y., has the highest per cent of increase of any of the incorporated places thus far announced with 25.9 per cent. Other increases over 100 per cent are: Eldorado, Kan., 23.7 per cent; Clear Lake, Cal., 20.1; Mich., 17.6; Knoxville, Tenn., 11.1; and Oak Park, Ill., 10.4.

Beverly—Horrors, what do you want me to do. Turn loose the floodgates of envy and hate every man in the town looking for my scalp. Of course, I can't say who is the handsomest of the hundreds before the camera. Anyway it's a matter of personal taste. You say you like blondes. Maybe I like dark-haired men.

J. T. H.—The actress you mention draws no fixed remuneration but receives the major portions of profits from all her pictures. The amount is large. I understand that she has paid a tax on more than \$1,000,000. Of course she owns her own company of which she is the head.

Mamie W.—A good many of the screen artists do not use their own names. It is a custom among members of the profession. Where the custom originated I don't know. Advertising is blamed by some, still others say a leading lady named Mary Jones would never make a distinctive and distinguished success on the speaking stage. So the method applies to the pictures. I must decline to answer your last question.

Admirer—Thank you for the information about Marjorie's first feature, "Caprice." Quite a coincidence isn't it. There is no way of comparing Miss Pickford with Norma. The two are of distinctly different types and different styles as to screen endeavor.

Hazel Blue Eyes, Dorothy, Helen, Miss Red Head, T. W., Anxious Eddie—You will find answers to all your questions above.

Elsie and Edith—I am glad you like my picture. You select Wallace Reid as your favorite movie man. I am sure he will send you a picture if you forward the request to his studio. Of course, stamps should go with the request.

Fair—I can not answer questions about religious matters.

**BURY MRS. TOPP.**  
Funeral services were conducted Saturday for Mrs. Eudora Bayless Topp, aged 62, who died Thursday. Burial was private in Elmwood cemetery. Rev. H. M. Dumbell was in charge of services.

## 3 HELD FOR MURDER OF CORP. PURLMUTTER

COOKEVILLE, Tenn., April 2.—Walsh preliminary examination before a magistrate on the charge of first degree murder, Jim Madewell, John Kirby and Will Robinson, negro, were held at the criminal court without bond at the conclusion of the coroner's inquest here Friday into the killing of Corporal Raphael Purlmutter, who disappeared on March 16 while here on recruiting duty with the 28th infantry band. The fourth man charged with the murder, Alfred Smith, who was arrested in Detroit on the request of local authorities, is expected to be sent directly to the jail at Nashville for safe keeping. The other three prisoners will be sent to the Nashville jail today.

## Mexican Soldiers Concentrate Along Southern Pacific

NOGALES, Ariz., April 2.—Americans arriving on the right train from Hermosillo, Mazatlan and West coast points, reported large numbers of soldiers mobilizing along the Southern Pacific railway of Mexico. There was no official explanation of the troop movement. Mexican Consul Tamez here said, however, a critical situation had developed from the presidential campaign in Sonora, but he did not believe military measures would be necessary. Gen. P. Elias Calles, who is at Nogales, Sonora, directing the presidential campaign of Gen. Alvaro Obregon, yesterday reiterated charges that President Carranza through Gen. M. M. Diquez, was preparing to seize the Sonora government and depose Gov. de la Huerta.

It was learned through official sources that \$20,000 gold had been shipped from the Nogales, Sonora, customs house to the Mexican government fiscal agency in New York. The shipment was directed by Uris Tribe, recently appointed customs collector. Further shipments will be made next week, he said. The purpose of the shipments was not explained.

## May Seat Women In Convention

RALEIGH, N. C., April 2.—Interest in the Democratic convention being held in counties throughout North Carolina today was centered on the action that will be taken at the Wake county meeting here in regard to seating women delegates elected from two precincts in Raleigh last Saturday. If the women are permitted to retain their seats it would be their first participation in a Democratic convention in this state.

At today's meetings delegates will be elected to the district and state conventions. Women suffrage was expected to figure at many of the meetings.

## N. & W. STRIKE IS SETTLED

ROANOKE, Va., April 2.—The strike of members of 14 organized crafts on the Norfolk & Western railway, involving approximately 12,000 employees, was settled early today under an agreement reached between officials of the railroad and local and international representatives of the unions. Officials of both sides refused to discuss the terms of adjustment but it was learned from reliable sources that members of the brotherhood of railway clerks, who walked out would be reinstated "without discrimination," and that two non-union clerks whose dismissal was demanded by the clerks' brotherhood would be transferred to another department.

The strike had its inception March 22 when company officials refused to dismiss the two non-union clerks, who members of the clerks' brotherhood charged had insulted a woman employee. The officials having declared that an investigation had developed nothing that would warrant such action. Other crafts, including ship workers, walked out in sympathy with the clerks, and members of the trainmen's brotherhood announced they would handle trains under conditions which they believed to be unsafe.

**Free Public Lecture.**  
Frank H. Leonard, C. S. B., a member of the board of lecturership of the Southern Baptist Convention, will speak on Christian Science at the local church edifice, of that denomination, Monday, April 5, at 8:15 p.m. The public is cordially invited.

## British Discuss Presidential Race

LONDON, April 2.—Discussing the American presidential situation and its possible relationship to the friendship of the United States and Great Britain, the Daily News under the caption "America and Arms" says:

"Rightly or wrongly, America voted against the treaty her representatives had helped to draft and under

the influence of that emotion resolved not merely to maintain her detachment from Europe but to arm herself potentially against Europe. "Nothing will bring the two hemis-

pheres together more rapidly than a demonstration from this side of the Atlantic of a sincere resolution to disarm. Nothing could be more beneficial to Anglo-American relations than an

invitation, extended more than once by Walter Hume Long, speaking officially as first lord of the admiralty, for competition with America, not to increase armaments, but to decrease them."

## At the Heart of Memphis Business

We are right in the business center of Memphis—just a step from Main and Madison Streets, the center of the city's traffic.

In another sense, the Union & Planters Bank & Trust Company is at the heart of Memphis business. As the largest and one of the oldest institutions in the city, we naturally have been and are in the closest touch with some of the city's most prominent and successful business enterprises.

While convenience of location may bring you to us, we are confident that the superiority and cordiality of our service will keep you here.

Famous Movie Star, Says:

"The Mitchell Is a Comfy-Riding Car"

HERE IS JUNE, HER CAR AND HER LETTER

Mr. C. R. Arnoult,  
Manager Cotton States Sales Co.,  
City.

Dear Mr. Arnoult:

Permit me to express at this time my deepest appreciation and most sincere thanks for the courtesy and kindness shown me in putting at my disposal during my stay in Memphis a car. The convenience afforded and the pleasure derived more than made my visit here enjoyable.

May I not, to take one of Mr. Wilson's phrases, say to you, Mr. Arnoult, the Mitchell Sedan which I used one of the most comfortable cars I have ever ridden in. The absence of all vibration even over the most uneven roads is especially noticeable. Too, the equipment and interior appointments of the Mitchell Sedan are excellent and well chosen.

I thank you again, Mr. Arnoult, for those comfy rides. Believe me, I am,

Sincerely Yours,

June Caprice
